LARRISA WALLPACK

The Larrisa wall mounted vandal resistant luminaire is optically designed to achieve wide luminaire spacing. Construction from UV stabilised impact-resistant, flame-retardant polycarbonate makes Larrisa the choice when looks and performance are of importance. Larrisa is ideal in the lighting of walkways and entrance areas from the building structure and can be used for educational institutes, hospital/healthcare and commercial premises. Available with HPS, Metal Halide or 42W TC-T lamp.
